February 26, 2008

Dear Colleagues,

Once again we are planning our annual EAOP middle school campus tours. Every year over 300 seventh and eighth grade students from San Diego and Imperial Counties visit our campus as part of our EAOP campus tours program. The majority of the participants are low-income, first generation students, and this will be the first time they visit a university campus. It will be the first time that many students from the Imperial Valley have left the valley.

In years past this popular outreach event has been very well received and anticipated by the students, the community, and our program staff. The success of this event has always been a result of the people involved. UCSD has a wealth of diversity and talent, and EAOP is honored to have the support of fellow faculty, staff members, and student organizations for this important outreach effort.

It is our goal with this year's tour to not only welcome and introduce students to our campus community, but to also inspire these young thinkers at such a pivotal stage in their academic careers to pursue a college education.

The presentations from faculty, staff and UCSD students are powerful motivational experiences for our EAOP students. This is why once again we are requesting your participation in our tours. The tours will be held on Tuesday March 25, 2008. The presentations will be held during the hours of 10 a.m. – 12 p.m., and should last 15- 20 minutes per session.

I have attached an information sheet for your convenience to let us know what you will need for your presentations.

Thank you for your support!

Mario E. Aguilar
Assistant Director
UCSD Early Academic Outreach Program
meaguilar@ucsd.edu
